

3.3.2

EVALUATION OF EXISING CONDITIONS

3.3.2

EVALUATION OF EXISTING CONDITIONS

Evaluation of Existing Conditions *(since Preliminary Design Program)*

The Evaluation of Existing Conditions was completed and included as part of the Preliminary Design Program submittal.

Following is an additional report from Lahlaf Geotechnical Consulting, prepared since the completion and submission of the Preliminary Design Program on August 14, 2020. This document can be found in the Appendix.

- Geotechnical Investigation and Report. Refer to Appendix A (i).
