

# 4.1.2 - 11

ADA / MAAB ANALYSIS

## 4.1.2-11

### ADA / MAAB ANALYSIS

The proposed Northeast Metropolitan Regional Vocational High School is currently in the schematic design phase. DRA is in the process of designing a fully accessible school, in compliance with ADA and MAAB guidelines. Specific areas currently in development, relative to ADA guidelines, are accessible parking, accessible routes into and through the school, accessible route to the playfields, inclusion of two elevators in the Main School and an elevator in the sports Locker Building.

The submitted Schematic Design Documents are in compliance with the following documents; the most stringent portion of these documents taking precedence.

- The Commonwealth of Massachusetts, 521 CMR – Architectural Access Board (January 27, 2006)
- Department of Justice, 2010 ADA Standards for Accessible Design (September 15, 2010)
