

PROJECT SCOPE & BUDGET

DESCRIPTION OF EARLY-BID PACKAGE

6A.2.3 - 06

6A.2.3-06

DESCRIPTION OF EARLY-BID PACKAGES

At this time the Design Team anticipates two early bid packages:

1. Early Site Preparation (including Blasting)
2. Early Structural (including Foundations and Steel)

The Design Team is working with the Construction Manager to more fully define the exact scope of each of these packages. This will be resolved during the next phase and included in the 60% Construction Document submission to the MSBA.

Please refer to the attached Project Schedule for the anticipated dates of these early bids.
