

SPACE SUMMARY

# COMPARISON OF CURRENT DESIGN W/ FINAL EDUCATIONAL PROGRAM

6A.3.2 - 03

## COMPARISON OF CURRENT DESIGN W/ FINAL EDUCATIONAL PROGRAM

The following provides rational for square footage deviations between the Schematic Design and Design Development “Final Design Program.” Deviations (greater than 2%) are highlighted in grey in the Space Summary.

The overall Gross Floor Area (GFA) has remained the same: 386,630 SF.

### Department of Elementary and Secondary Education (DESE) Submittal

The size and location of DESE spaces has remained unchanged from the approved, August 2<sup>nd</sup>, 2021 submission.

### Educational Space Summary

#### Core Academic Spaces

- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.

#### Art and Music

- The project does not have any programs under this category.

#### Vocational & Technology

- Layouts within the shop spaces have been revised to reflect instructor input.
- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.

#### Health & Physical Education

- Deviations in square footage for the overall Health & Physical Education category is less than 1%.
- **Gymnasium** square footage has decreased by 365 square feet. This square footage has been reassigned to Physical Education storage.
- The square footage allocated to **Gym Storage** has been divided into two rooms.
- **Physical Education Storage** has increased by taking on the square footage reallocated from the Gymnasium. Square footage allocated to Phys. Ed. Storage has been divided into two rooms.
- **Locker** room square footage has decreased to accommodate electrical and IDF closets that are servicing the athletic wing of the building. Locker counts meet the Athletic Departments requirements.
- The square footage of the **Athletic Director’s Office** has increased to accommodate the area needed for an accessible toilet and shower.

#### Media Center

- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.

### **Auditorium / Drama**

- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.

### **Dining & Food Service**

- The overall square footage for this category remains unchanged.
- After further development of the layouts for the **Kitchen** and **Servery**, square footage from the Kitchen was given to the Servery to provide better circulation during the lunch hour rush.

### **Medical**

- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.

### **Administration & Guidance**

- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.

### **Custodial & Maintenance**

- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.

### **Other**

- Minor deviations of square footages to accommodate program layouts and general coordination of MEP /FP and Structural systems during Design Development.
